Functional and practical

#5 MADE IN THE USA

Manufactured in the heartland of the USA, where quality is simply unmatched

Proudly **MADE IN THE USA**

GOALSETTER HOOPS are made in a state-of-the-art manufacturing facility in central Iowa. Cutting edge computer design technology compliments every aspect of product development, innovation, and fabrication of a Goalsetter basketball hoop. **A Quality Management System registered by ISO 9001:2008** certifies that production and manual and robotic welds of each component exceed the most stringent industry standards.

Goalsetter basketball hoops are **made in the heart of America**, but customers all around the world trust our products to make their residential and institutional basketball dreams come true.

Think Green

Passionate Pursuit.
Excellence. Earthly Wisdom.

NOT ONLY ARE GOALSETTER HOOPS
MADE IN THE USA; THEY'RE ALSO
environmentally friendly!

70-98% recycled steel.

Packaging materials are made
from recycled cardboard.

The manufacturing process uses
green emissions.

Why GOALSETTER

Exclusive Ground Anchor Hinge System

- Square 42" long structural steel anchor
- Allows for **easy goal assembly** - no ladders or scaffold
- Hardware uses **Magni 577 corrosion resistant** coating
- Goal system can easily **move with you**

Wide-Grip Backboard Extension Arms

- Die-formed, one-piece design with no welded joints avoid potential breakage and rust areas
- Effectively counters backboard torque
- Design provides **balanced backboard stability**

Fully Tempered Glass Backboard

- 3/8" competition, tempered glass backboard
- Maximum strength to withstand the harshest environments and the toughest play
- Rounded edges and corners for safer play
- Acrylic backboards also available
- **Limited Lifetime Warranty**

Exclusive H-Frame Backboard Technology

- Constructed of 1½" structural steel tubing around entire backboard
- Innovative **H-FRAME** design provides precise and consistent ball response with lifetime durability

Pick your Backboard Size
Choose from: 42" x 72" • 38" x 60" • 36" x 54" • 32" x 48"

Exclusive Off-Set Pole Design

- Square, 7-gauge structural steel (3/16" wall thickness) construction
- Minimizes shake, reducing wear on system joints
- Maximizes backboard stability and ball response
- Pick your size: 6" x 6", 5" x 5", 4" x 4"
- Allows height mechanism to be inside for **safe play**

Superior Corrosion-Resistant Paint Process

- One primer coat and two-part, acrylic-enamel paint
- Oven-cured to ensure superior adhesion and high-gloss finish
- Meets homeowner association requirements

Exclusive Internal Compression Height Adjustment Mechanism

- Patented mechanism adjusts rim height from 6' to 10' – smoothly and effortlessly
- **Increased safety** with no pinch and grab points
- Superior and safer than tension jack mechanisms
- Easy-To-Read height indicator in 6" increments

Effortless Height Adjustment

- Players of all ages and sizes can easily adjust
- Crank handle easily removed
- Optional keyed pinlock allows locking the rim at any height

The Goalsetter Difference

A SOLID FOUNDATION

The **Goalsetter Ground Anchor Hinge System** provides a solid foundation to ensure superior performance and durability. Complete installation of a Goalsetter goal can be done before it is raised upright.

GROUND ANCHOR VS. J-BOLT ANCHOR (THE INDUSTRY STANDARD):

- Safety – Ground anchor's design objective
- Increased anchor stability depth (42" vs. 18")
- Increased anchor surface area submerged
- 7-gauge (3/16" thick) structural steel
- Magni 577 Corrosion resistant coated hardware
- Less installation / assembly people required (2-3 vs. 4)
- No ladders or heavy lifting required for goal assembly
- No additional steel re-bars required for stability

1 FOR ALL

10 feet

PERFECT
for Growing
Families!

6 feet

HEIGHT-ADJUSTABLE

- Adjust rim height from 6' to 10' smoothly and effortlessly, making it perfect for **ALL AGES AND SIZES**
- Internal height adjustment mechanism enables **SAFE PLAY** with no pinch and grab points

FAQs

FREQUENTLY ASKED QUESTIONS

Q: WHAT IS THE DIFFERENCE BETWEEN A GLASS AND ACRYLIC BACKBOARD?

A: Glass is the backboard material of choice in residential settings. Glass provides better ball response and wears better over time as it does not fade or discolor. Acrylic is the board of choice for non-residential use.

Q: HOW IS A GOALSETTER ANCHORED INTO THE GROUND?

A: Each Goalsetter System is anchored using our patented ground anchor hinge system. First, the ground anchor is placed in a 4' deep hole (18" diameter) and secured using concrete. When cured (approx. 48 hours), the hinge system allows complete assembly of the Goalsetter hoop before it is raised upright and bolted to the ground anchor.

Q: IS IT POSSIBLE FOR ME TO INSTALL THE GOAL?

A: This decision is up to you! The installation and assembly of a Goalsetter goal can be accomplished by two or three people without the use of ladders or scaffold. The patented ground anchor hinge system allows complete assembly of the Goalsetter goal before it is raised upright. The toughest task during installation of a Goalsetter goal is digging the hole. Most of our dealers also offer professional installation as an option for an additional fee.

WARRANTY

Subject to proper installation and normal, intended use, all structural components of Goalsetter Systems Signature Series*, Extreme Series* and GS Wall-Mount Series* Basketball Systems are warranted to be free of defects in material and workmanship for the duration of ownership by the original retail purchaser, subject to the limitations below. The Elite and the GS Baseline Wall Mount Basketball Systems will be covered by this warranty for a period of five years. The Goalsetter Systems™ Junior MVP and GS Junior Wall Mount Basketball Systems are covered for a time period of two (2) years from date of purchase. Goalsetter shall have the right to require the purchaser to deliver the allegedly defective product to Goalsetter for testing, repair or replacement. Goalsetter shall not be responsible for any expenses associated with the replacement or removal of the product from its application for such delivery. Modification of any product by the customer, unless approved by Goalsetter Systems, will void all warranty. Where listed as "LIMITED", the warranties shall cover damage or failure that occurs during the course of NORMAL or INTENDED USE of the product. Normal or intended use shall be described as activity that is necessary for the participation in the sport for which the equipment is designed. NOT COVERED is damage caused by deliberate hanging, multiple player hanging, vandalism, non-basketball activities or any other activity that could be regarded as abusive. Where stated as "UNCONDITIONAL", the warranty limitations listed above do not apply. *Signature Series – MVP, Captain, All-

American, All-Star, Contender; Extreme Series – X672, X660, X560, X554, X454, X448; GS Wall Mount Series – GS72 Wall Mount, GS60 Wall Mount, GS54 Wall Mount, GS48 Wall Mount.

PADDING WARRANTY: Multi-Purpose Backboard Edge Padding: one-year limited; Indoor Backboard Edge Padding: five-year limited (indoor only); Custom-Fit Pole Padding: one-year limited; Wrap-Around Pole Padding: one-year limited.

NOT COVERED BY THIS WARRANTY

- Use in non-residential applications of glass backboards on Signature Series systems.
- Use in non-residential applications of Extreme Series and Elite complete systems.
- Any products subjected to abuse, negligence, improper installation, vandalism, acts of God, alteration of product or any other events beyond the control of Goalsetter Systems.
- Junior Series breakage caused by the act of dunking.
- Paint or rusted parts. Touch-up paint is included in all hardware kits.
- Deterioration of product due to time or wear and tear.

Normal deterioration of products due to atmospheric conditions, weather, wear and tear (including paint), or other causes that do not affect functional use are not covered by Goalsetter Systems warranties. All warranties are valid only when product is used in the intended application and when installed according to Goalsetter Systems instructions.

Warranty will be void if maintenance instructions in the Owners Manual are not followed. If you did not receive an Owners Manual, please call 888.USA.GOAL or go to www.goalsetter.com to download a copy.

WARRANTY CLAIMS: All returns must be arranged through the Goalsetter Systems, Inc. dealer where the product was originally purchased. Warranties do not cover dealer service charges, labor charges, freight charges, and travel expenses associated with replacement, repair or removal of warranty items. Photos of the damaged product prior to any repair or clean-up actions must clearly show and permit analysis of the damaged product by Goalsetter Systems, Inc. A Goalsetter® Warranty Claim form must be completed, and photos submitted, together with proof of purchase, for any item you wish to claim under warranty. If the purchase was not made through a dealer, this form is available by email, fax or mail. In response to your claim, you will receive an order confirmation as well as a notice stating whether Goalsetter Systems, Inc. needs your warranty item returned. Goalsetter Systems, Inc. will notify you by fax or phone if we determine that the item cannot be claimed under warranty. **Goalsetter Systems, Inc. is not responsible for any charges for labor to install or repair defective product without prior authorization. Goalsetter Systems, Inc. will determine the most economical method to either repair or replace product before any work is to commence.**

Demand the Best, Demand Goalsetter.
